DESCRIPTION:

During this excursion we will visit the most arid, hottest and lowest point in the Western Hemisphere. A walk through the endless salt lake will not leave anyone indifferent.

We will make stops in such picturesque places of this unusual region, like Zabriskie Point, Dante's View, artists road, walk around the salt marshes at the lowest point of the park and visit a small museum and tourist center.

On the way, we can see abandoned settlements - ghost towns, old equipment abandoned mines, so popular for filming Hollywood movies! More surreal landscapes than in the Valley of Death, it's hard to imagine.

An extended version of this excursion (+2 hours, on request) can include a stop on the sand dunes and / or a real winery in the heart of the desert! You can try several varieties of local wine.
