### DESCRIPTION:

Your journey through Florida and the beautiful city of Miami will be even more sunny and unforgettable if you go with us to the Miami Seaquarium, which is located on the island of Virginia Key Biscayne.

The Miami Seaquarium is one of the main attractions of the city and annually receives about 600 thousand visitors. Here are collected the most unique representatives of tropical waters, such as sea lions, killer whales and dolphins. You will have the opportunity to get acquainted with the dying kinds of sea cows - manatees, which are already included in the red book. You will observe the process of feeding sharks; will see giant sea turtles and an incredible number of different kinds and sizes of fish. On the island, which is surrounded by water, you can always meet crocodiles, basking in the sun.

The Miami Seaquarium is best known for its amazing dolphin show, performing complex and incredible stunts. The main celebrities of the Miami Seaquarium are the killer whales of Lolita and Hugo. They take participation in the show with jumping through the rings and juggling, which will not leave indifferent neither children nor adults.

In the Miami Seaquarium you can swim with dolphins or seals (reserved, paid separately and in advance).
