## Listing details

### Common

PRICE: \$ 3,500

DESCRIPTION: We represent to you an excellent opportunity to fly from Miami over hundreds of islands in the ocean and visit the unique island of pirates and treasure, the island that is the southernmost point of the United States of America, the island where once lived the famous and beloved American writer Ernest Hemingway, the island where reigns from the ancient times the spirit of freedom, where the descendants of Konkov live, where there is now an unofficial dual citizenship, an island that existed and was inhabited before the appearance of the city of Miami ..

Of course, we are talking about the famous island of Key West!

You will fly on a comfortable helicopter with an experienced professional and licensed pilot along the coast of Miami to the very tip of the mainland of Florida and further extend your breathtakingly beautiful views over the islands in the ocean that separate the Atlantic Ocean and the Gulf of Mexico. From a bird's-eye view, you can enjoy unforgettable views of the modern route in the ocean with moto and dams across the 42 islands to the very last, where only 90 miles remain to Cuba. A lot of islands in the ocean, azure water and sandy coasts, luxurious and ancient villas and buildings, a unique railway built at the beginning of the 20th century by the railroad magnate will charm your imagination about the man's wealth and spirit.

During your helicopter trip, you will land in the middle of the road on one of the islands of the archipelago right on the beachfront near a waterfront cafe where you can have a tasty snack, enjoy ocean views from the shore, screams of seagulls and the sweep of the wing of pelicans that on your eyes fall into the water for their prey. Here you can sometimes see under the pier of huge predatory fish with human growth, which are not at all afraid and are ready to eat the leftovers from your table ..

And here you are again in flight, the next landing right at the international airport on the island of Key West. From here with our guide or independently (depending on the number of people in the helicopter, the Russian-speaking guide either flies with you or not, if you are 3 people, if your group has more than three people in a helicopter), you will go on a 4 hour excursion around the island, where you will visit the southernmost point of the USA, the Ernest Hemingway Museum, the center of the old city, the small Harry Truman dacha, the embankment and dock for ocean ships and yachts, a museum of real

treasures raised from the ocean floor. Walking along the most famous and central street of parades, bars, galleries and shops, you will feel all the coloritis of the ancient city and its inhabitants and visitors. Unique bars, souvenir shops, cigar shops, art galleries and unusual people will meet you on a walk.

It's time to return to Miami, you need to get to the helicopter, it will take no more than 30 minutes and you are back in flight! To see the best sunset at the edge of the world, this is an unforgettable sight, and to see the sunset 90 miles from Cuba and flying over the expanses of the ocean, many can not afford!

Durations: 8
