DESCRIPTION:

1 day.

After driving through three New England states and being told by the guide about the history and features of this region, we arrive in the center of Boston. Acquaintance with the historical part of the city, walking tour along the remarkable "Revolution Path". Stop at the famous Quincy Market. We will admire the architectural ensembles of the city, such as Copley Square, panoramas of bridges and embankments, and the grandeur of the cathedrals. We will visit the Christian Science complex - the world center of the Christian Science Church. Having crossed the Charles River, we find ourselves in the student city of Cambridge, where we will visit the world famous Harvard University. Let's take a walking tour of the university campus. And those who dream of studying at this university will touch the hand of bronze Harvard. In the evening, transfer to a hotel located in the suburbs of Boston.

Day 2.

Visit Salem, a typical old New England town with an extraordinary history. Visit to the Salem Witches Museum. Travel to historic Plymouth, where pilgrims from Europe arrived in the early 17th century in search of religious freedom and founded the first settler colony. The main monuments of Plymouth remind us of this - the pilgrim ship "Mayflower", the Plymouth Rock (Rock), where settlers first landed, and the majestic monument to all conquerors of the New World. Cranberries are a historical and important crop that helped early settlers survive and are still grown on New England plantations today. Cranberry wine tasting is a traditional ritual of this tour. Return to New York
