#### DESCRIPTION:

I invite you to an exciting journey around Los Angeles in a convertible. A breeze through the most famous sights of the City of Angels - what could be more interesting? A convertible tour will give you a feeling of complete immersion in the unique atmosphere of Los Angeles and a new unforgettable

experience, full of bright colors and emotions. You will be able to take a different, “WITHOUT BARRIERS” look at one of the most interesting cities in America, and for lovers of photography and videography, the “without a roof” tour gives you the opportunity to take wonderful pictures and reports with maximum visibility throughout the entire trip. You will merge with the city into a single whole, and it will undoubtedly conquer you with its hospitality and diversity!

During our four-hour tour, we'll stop at some of Los Angeles' most popular locations to give you a closer look at its top attractions.

Let's start with Beverly Hills - the city of the rich and famous. The city instantly became famous throughout the world thanks to the series of the same name and the film “Pretty Woman,” where Richard Gere and Julia Roberts spent time at the Beverly Wilshire Hotel. Let's not ignore the famous Rodeo Drive, famous for its expensive boutiques. Next, we'll head to the Sunset Strip and feel its vibrant energy. Numerous clubs, restaurants with outdoor terraces, shops and hotels - all this and much more is located on this world famous boulevard.

We will make a stop in Hollywood and walk along the Walk of Fame. Here you can find the stars of your idols and take pictures with them. Near Grauman's Chinese Theater you can touch the hand and foot prints of celebrities. We will definitely go to the Dolby Theater, where the Academy Awards ceremony usually takes place. From the Griffith Park observation deck you will have stunning views of the city, as well as the HOLLYWOOD sign. Taking a photo with the metropolis spread out in front of you and the famous “Hollywood” sign while driving a convertible is the dream of most people!

If you want to visit the Los Angeles coastline during your excursion, I suggest taking a six- or eight-hour tour. In the first case, in continuation of our wonderful journey, we will take a ride to the coastal city of Santa Monica, where you can admire the gorgeous ocean views and stroll along the famous pier and embankment. In the second, we will go further and end the walk with a visit to the famous coast of Malibu.
